

### THEY WERE MARRIED.

John, of Perry, Creates a Resurrection in Perry.

Stock last evening, at the home of Mr. and Mrs. A. R. on South Hickford, Mr. Van of Perry, Okla., and Miss Ida of Perry, Okla., were united in marriage. The ceremony was performed by Rev. Perry Fling, officiating. The wedding is quite a romantic one—from the elopement standpoint. The groom is a handsome young man, and the bride a very attractive young lady. —El Reno Star.

Death of Mrs. Houth. The Dallas (Iowa) Record has the following: Deceased was an aunt of Mrs. W. B. Herod of this city, and was well-known to many Oklahomans.

Died—At the home of John College, south of town, on Thursday night, Nov. 25, Mrs. Edith Houth, aged 76 years, six months and four days. Edith Houth was born in West Virginia, May 11, 1821, on the old estate of George Washington. She was one of twelve children, all of whom reached maturity. She was one of triplets to whom the state of Virginia appropriated money to have educated, but it was never used. All her family but two have preceded her to the better land, one of the living being her fellow citizen, Joseph Houth. Her father served for several years in the revolutionary war.

Her family moved to Indiana soon after her birth where she met and married James M. Houth, the happy couple being married in 1840. She was born to them, four of whom are now living; these are Mrs. Randall and Mrs. John College, of Dallas county, and Mrs. Jones, of Louisiana, and Mrs. Houth, of Paterson, Mo. Mrs. Houth was a devout Christian, a loving wife and was loved and respected by all who knew her. The funeral was conducted by Elder Reagan, after which the remains were laid to rest in the Ottumwa cemetery.

### FLYNN ON STATEHOOD.

Does Not Favor the Single Variety At All.

Hon. Dennis Flynn, of Oklahoma, was in the city yesterday, having come down from Muskogee on the 9 o'clock train, says the South McAlester Capital.

Mr. Flynn's visit to this territory has no "political significance." He has some mining interests in the north part of this Indian country and comes here occasionally to take a look at the progress of the work. What seemed to impress the wide-awake ex-delegate from Oklahoma was the improvement made here since his last visit two years ago. He returned to it every few moments and mentioned it in the most surprising terms.

Mr. Flynn gave it as his opinion that congress would provide for a territorial form of government during this session—either by a commission as in the case of Utah or by the appointment of a governor and the various officers of a territory similar to Oklahoma.

Asked about the statehood question he stated that he had never favored single statehood; that all his work along that line had been done with a view to having Oklahoma enter the union just as she is without any other territory being attached to it. He stated that way now and had failed thus far to see why Oklahoma people want the Indian Territory to come in. Mr. Flynn said it had been stated by some territory papers that he was in favor of single statehood; the statement was false in every particular.

Upon being informed of the action on the Chickasaw people in repudiating the Atoka agreement, he stated that even if they had accepted, and notwithstanding the fact that the councils of both tribes had ratified it, he had good reasons for believing that congress would not ratify it, and would head Secretary Bliss' report and recommendations. He stated that the 65 percent provision was an outrage; that the white man had some rights that should be respected, and while the Indian should be protected, he believed that they were asking too much and that congress never would ratify such an agreement.

Delegate Callahan on Statehood.

Mr. Callahan to a Washington correspondent: "I shall do my best to secure the passage of the free homes bill through the house," he said. "If I think the Republicans of the house act with heart, Speaker Reed and he refuses to allow him to become a law after it has passed the senate, then I want the people of Oklahoma to understand clearly here the responsibility for the defeat of this measure rests. They will see in that the Republican party in the use of representatives under the leadership of Speaker Reed, is not the friend of the free home as it has so often contended. I say now, without fear of contradiction, that if this legislation fails at this congress, it will be directly due to Speaker Reed."

The Sherwood concert company appeared at the Presbyterian church last night and seemed to please a large audience. The quartet is rather good, but smacks considerably of Sherwood's advertising fake. ### FRAKER WINS AGAIN.

State's Appeal Dismissed by the Supreme Court.

JEFFERSON CITY, Mo., Dec. 8.—George W. Fraker the insurance swindler, scored another victory in division No. 2 of the supreme court yesterday. Judge Gant filed an opinion dismissing the appeal of the state from a judgment sustaining a motion to quash the indictment against Fraker in the Ray county circuit court because the trial court failed to enter a final judgment in the case. This is the second appeal of the state dismissed by this court in the Fraker case. The other case was dismissed because no perfect record was filed in the supreme court.

Division No. 2 of the supreme court sentenced John Hunt, Sr., to be hanged in Columbia on January 12, 1905, for the murder of his daughter, Mattie Lee Hunt, on August 29, 1897.

Division No. 2, in an opinion by Judge Gant, made an important ruling in regard to occupation taxes levied by cities of this state against its citizens. This court holds that the legal tax must be a specific amount on each occupation without regard to the assessed valuation of the property.

### A NEVADA LYNCHING.

Adam Ueber, a Murderer, Hanged by Masked Men.

CARSON, Nev., Dec. 8.—One of the most horrible lynchings ever known in Nevada occurred at Genoa, fourteen miles from here, at 2 o'clock yesterday morning. Adam Ueber, who last week shot and killed Hans Anderson in a Millerville saloon, was hanged by a mob of masked men to a cottonwood tree half a mile distant from the jail. When taken from his cell the victim had nothing on but a shirt. This was torn off by the lynchers and the nude body left dangling in the air for six hours. As the body was being pulled up, the mob riddled it with bullets. When satisfied that the man was dead, the vigilantes dispersed and returned to their homes.

At the hour above mentioned the leader of the mob presented himself at a side window of the county jail, and calling to Sheriff Brookline, stated that the Gardnerville constable had arrived with a prisoner he wished to have locked up. The sheriff was sometime in responding and the mob, impatient at the delay, battered down the door of the recorder's office with sledge hammers, captured the sheriff and constable and placed them under guard.

The prisoner was then awakened. He fought with a chair, but was soon overpowered. He cried for mercy, but was silenced with a gag and, after being bound, was dragged through the streets, out of the city, and to a place half a mile distant, where the crowd halted. The sheriff and constable were forced to accompany the mob, and, still under a strong guard, watched the execution.

### SHOT WHILE HUNTING.

The Result of Carrying a Gun Cocked.

ESUD, Okla., Dec. 8.—Mr. Timkins and Mr. Kneebaum were out hunting about twelve miles east of the city. Both men were walking through a field with their guns cocked watching for game. Kneebaum stumbled and fell and his gun was discharged. The heavy charge of shot struck Timkins on the chin, tearing it from his face in a horrible manner.
